

The Johnson **High Performance** Tennis Academy

A-List Celebrity Clinic

After Lendale's **Empire guest star appearance** and national tennis story on **Bleacher report**, he literally started bumping heads and shoulders with some of hollywood's biggest stars and star athletes!

He was already instructing tennis at his day job between industry gigs, so why not teach the stars too.

Meeting stars at red carpet events and while on-set became routine for Lendale so naturally JHPTA was born. A lot of celebrities like **Kris Jenner** love tennis, the real issue was to just find a place to play, privacy and TIME to play! No worries, that's why we created JHPTA.
